

KPK Forestry Specialization Blueprint (2005% Goal)

Legend (How to read this status)

DONE: This document is Integrated and ready in the AI's brain.

MISSING: This is a Target that we still need to find and digest.

I DON'T KNOW: We know this is needed, but we need the Official Name from the department.

The 100% Regional Coverage (Document Registry)

By integrating these layers, we cover every corner of the province:

Hazara Region:

Hazara Forest Ordinance, 1980 (Verified in Downloads)

West Pakistan Land Revenue Act, 1967 (Verified in Downloads)

KPK Land Revenue Amendment Act, 2014 (Verified in Downloads)

Hazara Forest Act, 1936 (Verified in Downloads)

Layer 2: The Operational Muscle (The "How")

KPK Forest Produce Transport Rules, 2004

KPK Forest Officers (Powers/Dues) Rules, 2004

KPK Management of Guzara Forest Rules, 2004

KPK Protected Forest Management Rules, 2005

KPK Private Game Reserve Rules, 1993

KPK Duty on Forest Produce Rules, 2004

Official Circulars: Market Rate System (MRS) archives 2015-2024 (Verified in Downloads).

SOP Libraries: Fire Safety Order 2019, Firefighting SOPs, and Police Rules 1937 (Verified in Downloads).

Layer 3: The Institutional Brain (The "Who")

West Pakistan Forest Manual (Volumes 1, 2, & 3) (Verified in Downloads).

NWFP Manual of Secretariat Instructions (Verified in Downloads).

KPK Delegation of Financial Power Rules, 2018 (Verified in Downloads)

Position Codes & Budget Heads (Source: Online - Finance Dept).

KPK FD Manual of Office Procedure (Source: Physical - Establishment Wing, Peshawar).

Layer 4: The Dynamic Biological Layer (The "Where")

Division Working Plans: All 15-year blueprints (Source: Physical - Divisional Forest Offices / P&M; Wing).

Real-Time Integration: NASA FIRMS API (Fire Alerts) and Satellite Imagery (Source: Online/API Integration).

Layer 5: The "Living Law" (The "Secret Sauce")

Case Law: Landmark Judgments (Source: Online - KP Law / Physical - High Court Library).

Tribal Riway: Customary user rights and privileges (Source: Physical - Tribal District Admin Offices / Grey Lit).

Vernacular Support: Finetuning for Pashto and Hindko queries (Source: Technical Implementation).

Grey Literature: NGO reports and PFI conference papers (Source: Physical - PFI Library / University of Peshawar Library).

The "Living System" Update Protocol

A 100% specialized system today will be out of date in two years if it doesn't stay updated.

1. The Technology: Automatic Ingestion Engine

Classifies: Identifies if a new file is a Law, a Circular, or an SOP.

Versions: Checks if it's a brand new law or just an update to an old one.

Connects: Links the update to our Knowledge Graph.

Alerts: Notifies admins that the system logic has been updated.

2. The Partnership: Getting the Data

Official Status: GreenLawAI becomes the department's Official Digital Library.

Direct Feed: The FD's admin wing sends all new circulars and notifications to our secure update email.

Liaison: A dedicated FD officer helps our team with monthly syncs.

Intelligence Dashboard: We give the FD a dashboard showing what people are asking.

3. The Backup: Web Scraping

The KPK Government Gazette website.

The official Forest Department website for any news or new PDF uploads.

Immediate Action Plan

Week 1-2: Secure the Partnership

Draft the MoU and present it to senior Forest Department officials.

Month 1-3: The Document Blitz

Deploy a team to scan and OCR old records.

TOP PRIORITY: Ingest the West Pakistan Forest Manual (Vols 1-3).

Month 4: Build the Ingestion Engine

Finish the automated pipeline for new documents.

Ongoing: The "Living System" Cycle

New Circular → Auto-Ingested → System updated instantly.

New Satellite Data → Processed → Risks flagged.

Final Verdict

2005% Specialization is structurally ready to build.
